Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 15 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry and mild morning, with rain to come.

Today:
Some bright or sunny spells after a misty start. Staying dry all day but clouding over later on. A freshening breeze but feeling very mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
Mild and wet throughout as bouts of rain move north and eastwards through the region, occasionally heavy. Strong winds and coastal gales for a time, particularly in Cornwall. Minimum temperature 9 deg C (48 deg F).

Tuesday:
Rain drifts away from the east of the region by late morning, replaced by brighter spells and heavy showers from the west. Winds ease inland but remain brisk around coasts. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Strong winds and mild throughout. Bright start to Wednesday, followed by blustery and occasionally heavy showers. Rain passes overnight with frequent showers Thursday daytime. Patchy rain Friday.
